Gourmet Mountain Escape: Wild & Refined: A Culinary Journey Through the Soča Valley

Three nights at Nebesa Chalets,
where mountain wilderness, local flavors and exceptional Slovenian cuisine come together.

Day One — Farm to Table

Arrive at Nebesa and slow down.

Spend the afternoon taking in the views — the Julian Alps, the emerald Soča Valley below and, on clear days, the Mediterranean in the distance.

As evening falls, gather on the terraces for a relaxed farm-to-table dinner — traditional dishes prepared at a nearby local farm, following recipes passed down through generations.

A simple beginning: good food, good wine and the valley stretching out before you.

Day Two — From the Forest to the Table

Join one of the Soča Valley's most knowledgeable foragers and discover the wild herbs and edible plants hidden in the surrounding forests and meadows. Along the way, pause in a magical forest clearing to prepare and enjoy a traditional dish, surrounded by the quiet beauty of the woods.

Return to Nebesa for a slow afternoon and time to enjoy the wellness area.

In the evening, travel to legendary Hiša Franko for an extraordinary three-Michelin-starred dining experience — a celebration of nature, creativity and Slovenian cuisine.

Day Three — From the Alps to the Vineyards

Follow a scenic route through Cividale del Friuli, a UNESCO World Heritage town, and on to Goriška Brda — Slovenia's little Tuscany.

Explore medieval hilltop villages, rolling vineyards and the landscapes of this unique wine region, finishing with a tasting of local wines and delicacies. Return to Nebesa for one last evening in the mountains.

Day Four — A Slow Farewell

A leisurely breakfast, one last look at the mountains and time to simply be.

Three nights.

From the wild to the refined. From the forest to the vineyard. From the mountains to the table.
